CSA Japan Congress 2023
閉会の挨拶

2023年11月22日

寺尾　敏康
一般社団法人　日本クラウドセキュリティアライアンス
代表理事

テーマ

| Congress 2023 テーマ | ChatGPTが問いかける、クラウドセキュリティの新たなヴィジョン |

| Congress 2023 テーマ概要 | 人工知能の進化とクラウド技術の融合が、今、新たな時代を築きつつあります。特にChatGPTをはじめとする先進的な言語モデルは、情報技術のあり方そのものを変革する可能性を秘めています。しかしながら、それを支えるクラウドの役割とセキュリティの重要性は、まだ十分に語られてはいません。
今回のイベントでは、ChatGPTのクラウドセキュリティへの影響を深掘りするとともに、これからのソフトウェア開発や運用の変化を予測します。さらに、AIを取り入れたシステムの品質保証や運用のベストプラクティスについても取り上げます。 |

・CSA本部講演；Mr. Sean Heide, Technical Research Director, CSA

・基調講演；国立情報学研究所 石川冬樹氏.

・WG講演1；クラウドプライバシーWG 「生成系AIにおけるプライバシー」

・WG講演2；AI WG「CSAが取り組む生成AIのセキュリティ」

・主催者側講演；CSAジャパン 大和副会長「ChatGPTが加速するAI活用」

Security Implications of ChatGPT

Release Date: 08/02/2023

Working Groups: AI Safety Initiative

AI Technology and Risk

AI Governance & Compliance

AI Controls

AI Organizational Responsibilities

This position paper provides analysis across four dimensions: How it can benefit cybersecurity, how it can benefit malicious attackers, how ChatGPT might be attacked directly, and guidelines for responsible usage. The paper provides clarity about managing the risks in leveraging ChatGPT, but what may be surprising to some, it also identifies over a dozen specific use cases for improving cybersecurity within an organization.

CSA AI Summit 2023 On-Demand

This panel discussion will explore AI's role in revolutionizing cybersecurity, focusing on its promising applications in detecting and deterring threats. Panelists will share case studies, discuss benefits and challenges, and forecast the future of AI-enhanced cybersecurity.

In this talk, Cloud Security Alliance CEO Jim Reavis shares his thoughts around the viral adoption of AI solutions such as ChatGPT, how he anticipates malicious actors using it, how cybersecurity will be transformed by it and what is truly different, necessitating innovations in best practices. Jim will outline recommendations for an industry call to action to tame and leverage Generative AI to benefit all.

CSA Fall Summit 2023

Fall Summit 2023 2023 Holiday Party LIFT Get Involved About Contact Us   BECOME A MEMBER

AI in Cybersecurity: Revolution and Risks

The Colorado Chapter of Cloud Security Alliance is hosting its 6th annual Fall Summit on Wednesday, October 25, 2023 at the Cable Center in Denver.

We are proud to host what we believe to be the first in-person conference dedicated entirely to exploring AI's impact on cybersecurity.

The event will cover a broad spectrum of topics, from AI's influence on cybersecurity education and careers to its role in red and blue team operations. We are carefully curating the conference to address the most critical issues in cybersecurity, governance, and privacy in AI.

Join us for this groundbreaking event as we navigate the current and future landscape of AI in cybersecurity, providing a platform for thought leaders, innovators, and professionals to share insights, discuss challenges, and shape the future of this rapidly evolving field.

Keynote Speaker

Sarah Alt is an accomplished professional in ethical artificial intelligence with extensive information technology expertise working for and consulting with Fortune 1000 companies, professional services firms, institutions of higher education, startups, and nonprofits. As the Chief Process & AI Officer for Michael Best, Sarah spearheads the integration of AI technologies and strategies to drive innovation, excellence and client value.

CSA AI Summit 2024

Virtual

CSA | AI Summit Q1 2024

January 17 - 18, 2024

Register Now

CSA's Virtual AI Summit features industry innovators to deliver guidance on critical AI topics and the impact on cybersecurity. This is the industry's must-attend event to gain a holistic understanding of the future of AI disciplines and receive pragmatic advice on managing risks and gaining benefits from generative AI today.

Jim Reavis
Chief Executive Officer, Cloud Security Alliance
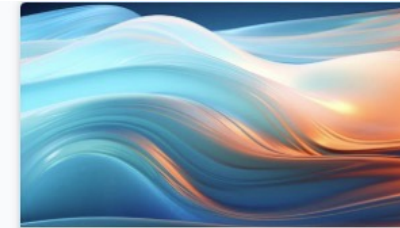

Welcome Address
1/17/2024 8:00AM

Kick off the day's event with a brief message from Jim Reavis as he shares some wisdom and inspiring remarks to lay the foundation for an exciting day ahead.

日本クラウドセキュリティアライアンス（CSAジャパン） 事業案内

クラウドの安心・安全な構築・提供・利活用に向けた実践規範の普及・推進

１．情報発信活動

２．調査研究活動

３．CSA事業の日本における展開

４．日本の事業環境におけるクラウドセキュリティの実践に関する調査・研究

５．会員サービス

CSAジャパンへの参加方法

会員種別、及び、申し込み方法

・企業会員

申込方法については、事務局(以下のメールアドレス）にお問い合わせください。
info'@'cloudsecurityalliance.jp
注）　`@`を＠に変更して指定してください。

・個人会員

以下のウエブページにアクセスし、フォームに必要事項を記入して送付してください。受付メールが返送されますので、それに従って年会費（6月～5月の年度毎に5,000円）を振り込むことで、手続きは完了します。
ウエブページはこちら

CSAジャパン　WG 参加方法

1. CSAジャパンのホームページ
   https://cloudsecurityalliance.jp/
2. 「ワーキンググループ」のプルダウンより、「ワーキンググループ参加申し込みページ」を選択
3. 「参加を希望されるワーキンググループ」のプルダウンから参加するWGを選択し、必要事項を記入して送信

注意：　ワーキンググループへの参加はCSAジャパン会員のみとなりますが、CSAジャパン会員以外の方もオブザーバ参加（1回だけ会議に参加）が可能です。

フェースブック　グループ

- CSAジャパンでは、様々な情報を以下のフェースブックのグループで公開しています。また、参加者による有用な情報発信も掲載されています。このグループへの登録をお願いします。
